

# "knipoog naar Elvis"

let me be your teddybear  
my fur against your skin  
I'll comfort you and if I dare  
I'll take my chance and win  
I just want to be near  
if you feel all alone  
please don't you fear  
I'm soft, not made of stone  
So hear what I've to say  
I really want to care  
and make your day  
I want to be your teddybear
