

# "I wish"

I wish you a day full of light  
with sunshine and hardly a cloud  
a blue sky and a clear sight  
so that you may feel like singing up loud

I wish you a quiet day with flowers  
everywhere your path will go  
and maybe some gentle hours  
where voices and noise will be kept low

I wish you just a very good day  
without struggle and fears  
and perhaps you may  
think: it's nice to be here
