

# "gedicht voor mijn (engelssprekende) halfzus"

Hello my dear in outer space  
From Christ we did receive our Grace  
He died for us and is our Saviour  
So we should mind our own behaviour  
We are not better than the other  
So speak no judgement, please don't bother

Hello my dear in outer space  
Did you receive the message  
Only with some humility  
Is meeting Christ a possibility  
So leave your exclusive place  
Be human and taste some Grace

p.s. ik stuur het haar niet
